SendSuite® Xpress & Ascent™

What's New in SendSuite® Xpress 9.50 & Ascent™ 2.50

Maintenance release for Ascent™ 9.50

IMPORTANT:

You must be at Ascent v9.40 / SendSuite Xpress v2.40 to perform this update.

Introduction

PON is a new carrier that complies with USPS business rules. A subtle difference between PON and POS/POM is that all rates and labels are provided by Pitney Bowes Instant Online Postage (IOP) Web Services instead of permit imprint or meter postage. This new carrier is only available with SendSuite Xpress.

Note:

Current Ascent customers, please contact your sales executive about upgrading to SendSuite Xpress.
