**Attachment A: Standard Terms and Conditions**

**SUBSTITUTES:**

Only brands and numbers stated in the award are approved for delivery under this contract and any substitution must receive prior written approval of the Office of State Procurement.

**PRICES:**

Prices shall be inclusive of basic installation, freight, instructional manual relative to operation and maintenance of equipment, user orientation for equipment, inside delivery, unpacking, assembly of all components, and removal of all associated debris from premises.

**PRICE REDUCTIONS:**

Whenever there is a reduction in price, which is lower than the contract price, offered to similarly situated customers contracting for the same period and under the same terms and conditions, said reduction must be presented directly to the Office of State Procurement. No price reduction on a statewide contract may be offered to an agency unless that reduction is offered to all agencies.

**DELIVERIES:**

Contractor will maintain an adequate supply of all items in order to meet specified delivery. All deliveries shall be F.O.B. Agency. Items furnished to be delivered to the Agency, uncrated, set in place (not installed), and all debris removed from the premises by the Contractor.

**PAYMENT:**

Payment will be made on the basis of unit price as listed in this contract; such price and payment will constitute full compensation for furnishing and delivering the contract commodities. In no case will the state agency refuse to make partial payments to the Contractor although all items have not been delivered. This payment in no way relieves the contractor of his responsibility to effect shipment of the balance of the order. Payment will be to vendor and address as shown on order.

**INVOICES:**

Invoices will be submitted by the contractor to the using agency and the invoice shall refer to the delivery ticket number, delivery date, purchase order number, quantity, unit price, and delivery point. A separate invoice for each order delivered and accepted shall be submitted by the Contractor in duplicate directly to the accounting department of the using agency. Invoices shall show the amount of any cash discount and shall be submitted on the contractor's own invoice form.

**CONTRACT REVISIONS:**

Requests for revisions to this contract must be addressed to the Office of State Procurement and shall refer to the contract item number with justification of the request. Distributor vendor changes, price reductions and justifiable item deletions may be considered during the contract period. New item additions may be considered only when the Office of State Procurement has determined

additions will be of substantial benefit to the State and will justify the time, effort, and cost required to make such addition.

Contractor must immediately notify the Office of State Procurement when any dealer on this contract is terminated, relocated or added. All orders placed with dealers prior to receipt of such notification by the Office of State Procurement must be honored. Revisions will become effective only upon approval by the Office of State Procurement. Contractor should include with bid a list of all persons, in addition to the signer of the bid, who are authorized to request revisions to this contract.

**QUANTITIES:**

This is an open-ended requirements contract. Quantities shown are based on the previous contract usage or estimates. Where usage is not available, a quantity of one (1) indicates a lack of history on this item. The successful bidder must supply at bid prices actual requirements as ordered whether the total of such requirements is more or less than the quantities shown.

**ORDERS:**

All State Agencies are to issue contract purchase orders for the items required, as and when needed. Political subdivisions of the State and Quasi Agencies who have been authorized to purchase from contracts made by the Office of State Procurement, are to issue their regular purchase orders directly to the supplier, making reference to the contract and item number.

**COOPERATIVE PURCHASE:**

As described below, Political Subdivisions of the State, Quasi State Agencies, External Procurement Units, and Agencies of the United States Government are to be authorized (potential) users of this contract(s), subject to the pricing and terms set forth in the contract(s).

- Political Subdivisions of the State include, but are not limited to, parish governments, municipal governments, school districts, human service districts, local governments and public utilities.
- Quasi State Agencies include, but are not limited to, non-profit or for-profit organizations created by the State of Louisiana or any Political Subdivision or Agency thereof, or any special district or authority, or unit of local government, to perform a public purpose.
- External Procurement Units include, but are not limited to, buying organizations not located in the State of Louisiana, which, if located in the State, would qualify as a public procurement unit.

The current list of approved cooperating purchasing entities (including Political Subdivisions, Quasi State Agencies and External Procurement Units) is maintained and regularly updated on the OSP website at: <http://www.doa.la.gov/pages/osp/aboutus/approvedquasiunits.aspx> and may be used as a reference.

Contractors may prospectively choose to partially or entirely 'opt-out' of accommodating cooperative purchasing for such contract(s) by sending formal written notification of same to the Office of State Procurement. This notification should clearly specify which individual type(s) of

cooperative purchasing entities the contractor is choosing to not allow to participate in contract cooperative purchasing. Any purchase orders received by the contract-holder from cooperative purchasing entities prior to the contract-holder's opt-out notification to OSP must be honored in accordance with the contract.

**NON-EXCLUSIVITY CLAUSE:**

This agreement is non-exclusive and shall not in any way preclude state agencies from entering into similar agreements and/or arrangements with other vendors or from acquiring similar, equal, or like goods and/or services from other entities or sources.

**TERMINATION FOR NON-APPROPRIATION OF FUNDS:**

The continuation of this contract is contingent upon the appropriation of funds to fulfill the requirements of this contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of a contract or if such appropriation is reduced by the veto of the Governor or by any means provided in the Appropriations Act or Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriations for the year from exceeding revenues for that year or for any other lawful purpose and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

**INSURANCE REQUIREMENTS FOR CONTRACTORS:**

The Contractor shall purchase and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Contractor, its agents, representatives, employees or subcontractors.

This insurance shall include third-party bodily injury and property damage liability for owned, hired and non-owned automobiles.

**B. DEDUCTIBLES AND SELF-INSURED RETENTIONS**

Any deductibles or self-insured retentions must be declared to and accepted by the Agency. The contractor shall be responsible for all deductibles and self-insured retentions.

The coverage shall contain no special limitations on the scope of protection afforded to the Agency.
- b. The contractor's insurance shall be primary as respects the agency, its officers, agents, employees and volunteers. Any insurance or self-insurance maintained by the Agency shall be excess and non-contributory of the contractor's insurance.
- c. Any failure of the Contractor to comply with reporting provisions of the policy shall not affect coverage provided to the Agency, its officers, agents, employees and volunteers.
- d. The Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the policy limits.

**2. WORKERS COMPENSATION AND EMPLOYERS LIABILITY COVERAGE**

**3. ALL COVERAGES**

- a. Coverage shall not be canceled, suspended, or voided by either party (the Contractor or the insurer) or reduced in coverage or in limits below the requirements set forth except after 30 days written notice has been given to the Agency. Ten-day written notice of cancellation is acceptable for non-payment of premium. Notifications shall comply with the standard cancellation provisions in the contractor's policy.
- b. Neither the acceptance of the completed work nor the payment thereof shall release the Contractor from the obligations of the insurance requirements or indemnification agreement.
- c. The insurance companies issuing the policies shall have no recourse against the Agency for payment of premiums or for assessments under any form of the policies.
- d. Any failure of the contractor to comply with reporting provisions of the policy shall not affect coverage provided to the agency, its officers, agents, employees and volunteers.

**D. ACCEPTABILITY OF INSURERS**

All required insurance shall be provided by a company or companies lawfully authorized to do business in the jurisdiction in which the project is located. Insurance shall be placed with insurers with a A.M. Best's rating of A-:VI or higher. This rating requirement may be waived for workers compensation coverage only. If at any time an insurer issuing any such policy does not meet the minimum A.M. Best rating, the contractor shall obtain a policy with an insurer that meets the A.M. Best rating and shall submit another certificate of insurance as required in the contract.

**E. VERIFICATION OF COVERAGE**

1. Contractor shall furnish the agency with certificates of insurance reflecting proof of

required coverage. The certificates for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates are to be received and approved by the agency before work commences and upon any contract renewal thereafter.

2. In addition to the Certificates, Contractor shall submit the declaration page and the cancellation provision endorsement for each insurance policy. The Agency reserves the right to request complete certified copies of all required insurance policies at any time.
3. Upon failure of the Contractor to furnish, deliver and maintain such insurance as above provided, this contract, at the election of the Agency, may be suspended, discontinued or terminated. Failure of the Contractor to purchase and/or maintain any required insurance shall not relieve the contractor from any liability or indemnification under the contract.

**F. SUBCONTRACTORS**

Contract shall include all subcontractors as insureds under its policies or shall be responsible for verifying and maintaining the certificates provided by each subcontractor. Subcontractors shall be subject to all of the requirements stated herein. The Agency reserves the right to request copies of subcontractor's certificates at any time.

**G. WORKERS COMPENSATION INDEMNITY**

In the event Contractor is not required to provide or elects not to provide workers compensation coverage, the parties hereby agree that Contractor, its owners, agents and employees will have no cause of action against, and will not assert a claim against, the State of Louisiana, its departments, agencies, agents and employees as an employer, whether pursuant to the Louisiana Workers Compensation Act or otherwise, under any circumstance. The parties also hereby agree that the State of Louisiana, its departments, agencies, agents and employees shall in no circumstance be, or considered as, the employer or statutory employer of contractor, its owners, agents and employees.
