### Improved employee satisfaction with secure, immediate access to funds

Employees who are not set up for direct deposit will receive the SmartWage™ Prepaid MasterCard®. With SmartWage, you'll avoid the costs associated with preparing, printing and distributing physical checks, while your staff will enjoy immediate access to pay with no check cashing fees—even if they don't have a banking relationship.

These employees will receive a reloadable, bank-issued prepaid card that works like a traditional checking account debit card. Every payday, funds are transferred onto these cards, increasing electronic payroll among your employees. Employees can then withdraw funds or make purchases using their card, without having to wait in line at the bank.
