Conveyors
Finished mail piece collection made easy

Choose from five uniquely designed conveyors based on application need. Each conveyor is hand crafted and comes with our 1 Year Limited Warranty.

**Speed Sort Conveyor**
The Speed Sort Conveyor provides you a superior level of offset sorting. The innovative design accurately offsets mail pieces from existing equipment. Nine foot conveyor and adjustable height feature are standard.

**Small Product Vacuum Conveyor**
Ideal for transferring ‘small products’ to the variable speed three foot Extension Shingling Conveyor, this vacuum conveyor is equipped with a transfer collector device to ensure the perfect shingle.

**Slow Moving Collection Conveyor**
Typically used to accumulate shingled product from an ink jet or inserter, this conveyor has variable speed capability with a maximum speed of 100 feet/minute. 90 degree product knockdown and solid body construction come standard. Also available in a straight away configuration.

**Vacuum Conveyor**
With an endless 2 inch vacuum belt and 2 adjustable product transport belts, the Vacuum Conveyor accommodates a wide range of material types and widths. Nip rollers and product guides come standard to assist in material control.
Conveyors

Inserter Shingling Conveyor
Made to accumulate material from the inserter, the Inserter Shingling Conveyor comes with a variable speed belt that offers maximum speed of 120 feet/minute. Available in right to left or left to right orientation.
